BOOK SYNOPSIS

Who are we, really? In *The Ecology of Consciousness*, a Harvard scholar and pioneer in the field of consciousness studies—well known for his groundbreaking psychedelic research with Ram Dass and Timothy Leary—presents an expansive work culminating decades of research in Eastern philosophy, shamanism, and more to guide you along the path of true consciousness and transformation. Questions surrounding consciousness have intrigued humankind throughout time, and have been addressed through a wide range of perspectives and traditions. From age-old philosophies to New Age spirituality, consciousness—and its various forms—has been the topic of much contemplation. This unique book is a comprehensive exploration that covers a wide range of disciplines and subjects within the framework of psychospiritual and consciousness studies. *The Ecology of Consciousness* revives ancient alchemical knowledge, spiritual traditions, and thoughtful theories about consciousness—drawing on ancient Eastern philosophy, shamanism, mythology, and others sources, and covering topics such as personal growth and reincarnation—to give you an expansive foundation for self-inquiry and transformation. Written by a leading authority, this book will give you a deeper understanding of consciousness, show you how to access your own spiritual intelligence, teach you about shamanic and alchemical traditions and connect them to healing practices of today. With this consciousness-expanding book, you'll explore the human life cycle from a spiritual perspective, reflect on your own personal journey, and discover which pathway guides your life purpose for your ultimate fulfillment, growth, and well-being.
